The West Virginia 4-H Global Challenge

The West Virginia 4-H Global Challenge will provide many educational opportunities for 4-H Members, such as global awareness, critical thinking, consensus building, budgeting, marketing and generosity at the global level. Through gifts of livestock and training in agriculture and environmental techniques, the West Virginia 4-H Challenge will support Heifer International as we work together to help people leave the desperation of poverty behind and build new lives for themselves and new futures for their families. Our goal is to involve all 55 counties and every 4-H Club and Organization in West Virginia to become aware of this opportunity to help others. Please include the West Virginia 4-H Challenge in your 2008 Club Budget.
